Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Applicant briefly disclosed the novelty of instant invention via the proposed amendment as faxed on 05/31/07 and argued that the proposed amendment overcome the prior art rejection on record. The examiner indicated that the prior art rejection on record is based on the amendment filed on 02/28/2007. Because the newly proposed amendment changes the scope of instant invention, it raises new issues that would require further reconsideration and/or search.
